

The Sugar Family Care Home

ON THE SUGAR & RONSON CAMPUS

OPENING SUMMER 2026

Welcome to The Sugar Family Care Home

*T*he Sugar Family Care Home is the next chapter in a story that has served our Jewish community for generations. This beautiful new 66-bed home brings together everything families already trust about Jewish Care within a thoughtfully designed, state-of-the-art environment. It is a home for life, built around exceptional care, strong Jewish values and the spirit of our community.

The only care home in
Essex exclusively for
members of the Jewish
community.

Exceptional Care

At the heart of The Sugar Family Care Home is high-quality, personalised care delivered with warmth and dignity.

Our experienced teams create individual care plans shaped around each resident's preferences, routines and evolving needs. With strong staff retention and ongoing training, residents benefit from consistent, skilled and compassionate support.

We provide:

- Residential care
- Dementia care
- Nursing care
- Nursing with dementia care
- Permanent, respite and short-term stays
- Specialist end-of-life care

Our multidisciplinary approach includes dementia practitioners, physiotherapists, social workers and end-of-life specialists.

As needs change, care adapts. Residents can remain in the home they know and trust, supported every step of the way.

A Truly Jewish Home

Jewish identity is not an afterthought here – it is the foundation.

Our culture of care is deeply rooted in Jewish life. We celebrate Shabbat. We mark festivals with warmth and joy. Rabbonim are part of daily life for those who wish to take part. Our dedicated synagogue provides space for prayer and reflection. We prepare and serve fresh kosher food on site.

Our doors are open to all members of the Jewish community.

Meaningful Activities

Life at The Sugar Family Care Home is enriched by a varied programme of activities designed to stimulate the mind, support wellbeing and create opportunities for connection.

Residents can enjoy music, creative activities, exercise sessions, games, discussion groups and cultural events. We celebrate the Jewish festivals and important moments throughout the year. Visiting performers and entertainers bring additional energy and enjoyment to the home. Our activities team ensures there is something for every interest and ability.

Designed for Comfort, Dignity and Independence

The Sugar Family Care Home combines homeliness with beautifully considered modern design.

Accessibility is central to the design. Level flooring and intuitive layouts support mobility and independence.

We are committed to helping residents remain as independent as possible, for as long as possible. Moving here is not about giving something up. It is about gaining security, companionship and a renewed sense of belonging.

Across three floors, the home offers:

- Private, spacious en-suite bedrooms
- Bedrooms with park and city views
- Cosy dining rooms serving nutritious kosher meals
- Bright, welcoming lounges
- Quiet seating areas with panoramic views across London
- A hairdressing salon
- Space for synagogue services
- Daily activities and live entertainment

Dementia-Friendly by Design

We have carefully considered every detail of the home to support people living with dementia.

Integrated memory boxes outside each bedroom help residents recognise their personal space. We have chosen flooring, lighting and colour schemes to reduce confusion and enhance orientation. Clear sightlines and intuitive layouts promote confidence and ease of navigation.

These design choices reduce stress, enhance daily life and support independence. They create an environment where residents feel safe and at home.

A Space for Family Life

Alongside our communal dining rooms, the home offers a private family dining space designed to feel like a dining room in someone's own home. Families are able to book this space for special occasions – whether it is a Friday night dinner, a simcha, or any other important gathering.

The experience includes a full dining service with chefs and waiting staff, offering a three or four-course kosher meal. Please speak to a member of staff to find out more.

We celebrate the
Jewish festivals and
important moments
throughout the year.

Part of a Vibrant Campus

The Sugar Family Care Home sits within the thriving Sugar & Ronson Campus in Redbridge. It places residents at the centre of community life, rather than apart from it.

With access to The Ronson Community Centre and the community café, residents can benefit from:

- A lively and stimulating atmosphere
- Social interaction across generations
- More spaces to spend meaningful time with family

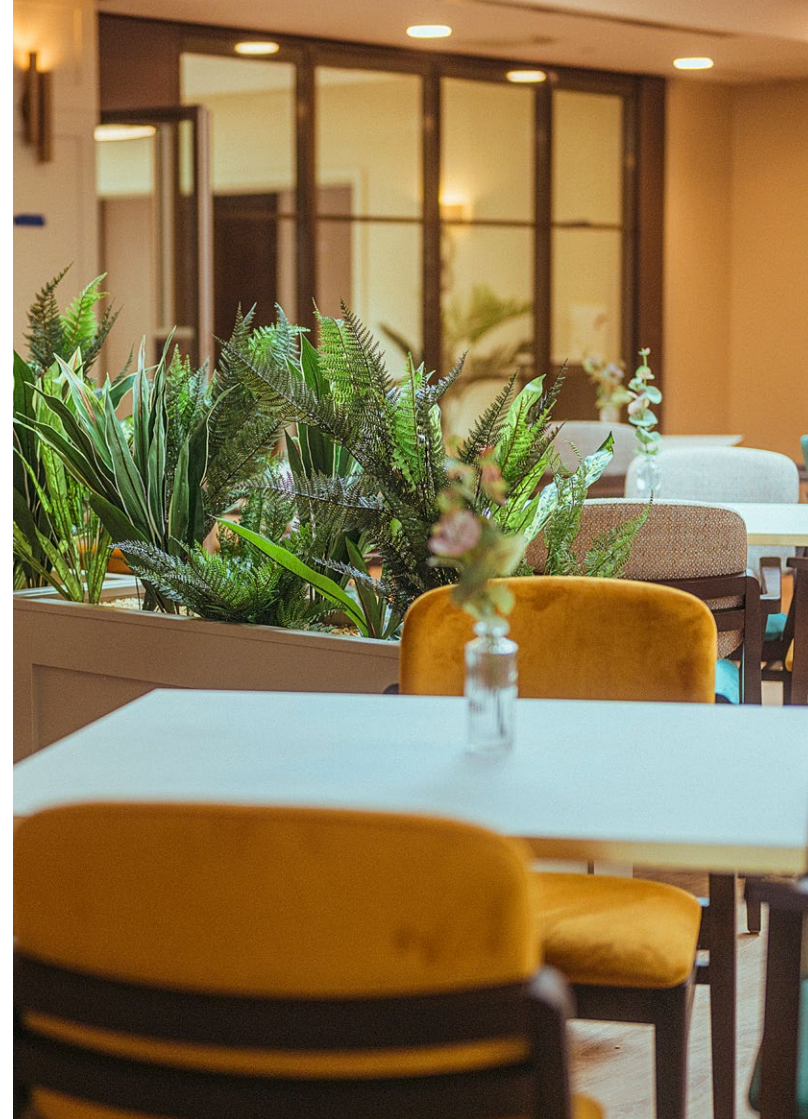

This access is managed and facilitated by the care home where appropriate.

This connection brings energy into daily life. It offers residents a door to the community – not a separation from it. For families, it offers more reasons to visit and more ways to share time together.

Sustainability

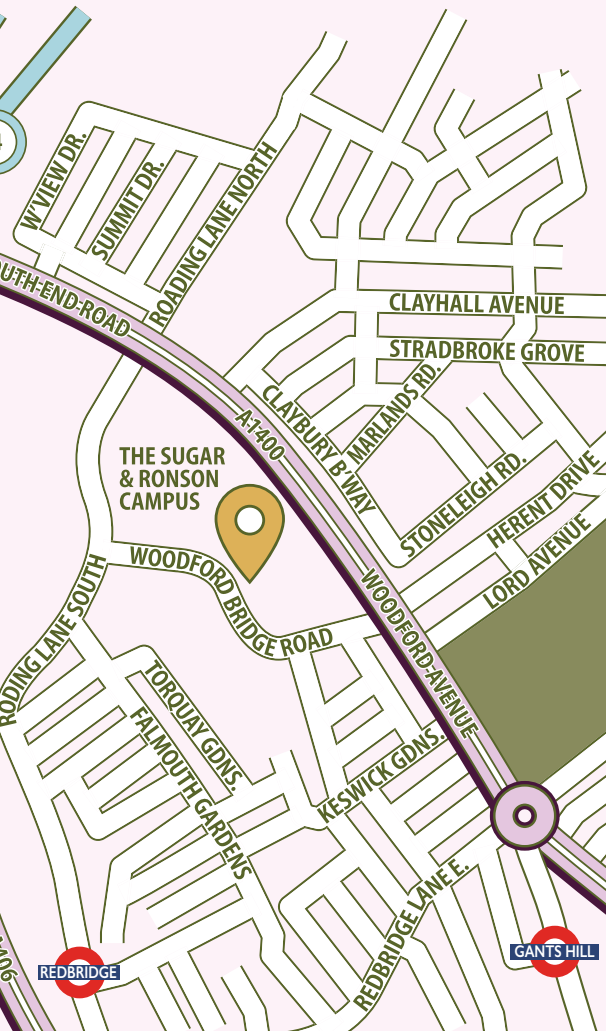

We built The Sugar Family Care Home to the highest environmental standards. It has achieved an excellent BREEAM rating.

Features include solar panels, responsible energy systems and reduced carbon emissions. The building reflects Jewish Care's commitment to caring for future generations as well as current residents.

Enjoy access to the only
kosher restaurant in Essex
with our community
campus café.

The Sugar Family Care Home, The Sugar & Ronson Campus, Woodford Bridge Road, Ilford, Essex IG4 5LN
